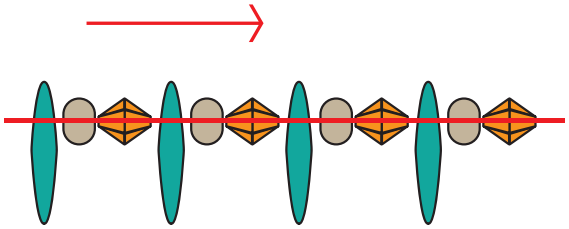
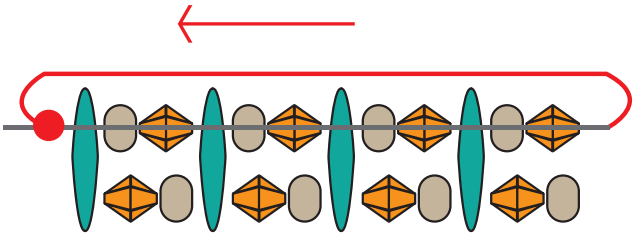
Czech Crescent Earring Illustrated Tutorial

What you will need:

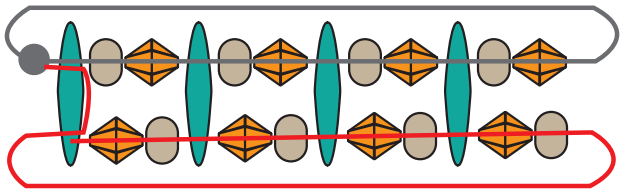
- Czech crescent beads
- 4mm bicone crystal
- Size 8/0 Miyuki seed bead
- Fireline beading wire
- Needle
- 8mm Round Crystal
- 6mm Round Crystal
- Headpin
- Ear wire



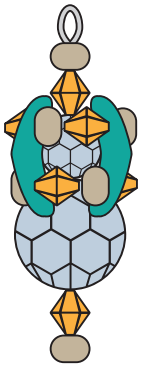
Step One: First thread on your top layer with, crescent bead, seed bead, bicone crystal (4 times).



Step Two: Tie both thread ends together to create a cylinder shape.



Step Three: Feed your thread through one crescent bead and loop down through the second hole of the crescent bead. Thread in reverse of your cylinder shape with adding a seed bead and bicone crystal inbetween the crescent bead. Once you've reached the end. Tie off thread ends and thread through a few beads before cutting off excess and you've completed your crescent bead design.



Step Four: Slide these beads onto the headpin and make a simple loop:
Seed bead, bicone crystal, 8mm round crystal, 6mm round crystal, crescent bead design, bicone crystal and seed bead.

Step Five: Open your Ear-wire loop and slide on your crescent bead design headpin loop. Repeat for other earring.
