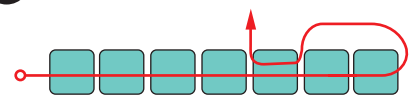
A006587 - 6lb Crystal Fireline Thread
A015211 - #16 Silver Eye Beading Needle
Z016460 - 9x17mm Beige Luster 2-Hole Carrier Czech Beads

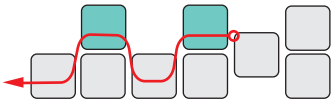
Instructions

1



Pick up 7 delica seed beads. Sew back through the third bead from the end.

2

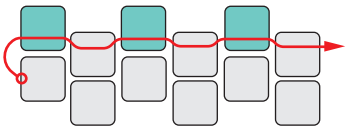


Pick up a bead, skip a bead and sew through the next bead. Repeat again.

3

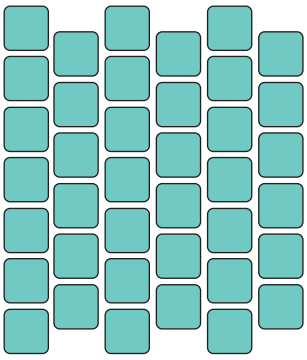
Pull tight and your rows should look like above image. You may need to adjust bead slightly. This step will have a completion of three rows.

4



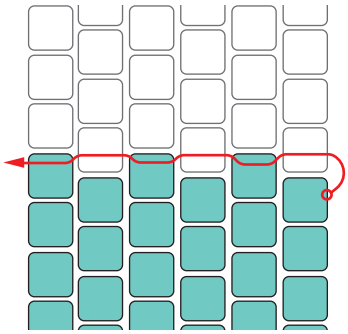
Sew your fourth row by picking up a bead, sew through first top bead and repeat down the row.

5



Create another row by repeating step 4. Repeat until you've made 48 rows.

6



Sew your top row with your first row to interlock the pattern in creating a tube. Tie off ends and sew through a few beads before cutting excess.
