Legend

Instructions

1

Pick up an HC, OB, SD, OB, HC, OB, SD, OB, HC, OB, SD, OB, and HC. Sew down through the other hole of the last HC, pick up a OB, SD, OB and sew through next HC bead. Repeat two more times. Tie the two thread ends together, leaving a 6" tail end.

2

Follow illustrations to sew through beads and adding corresponding beads for next row. (Grey beads are beads you've sewn from previous steps. Colored beads are newly added beads.)

3

Follow illustrations to sew through beads and adding corresponding beads for next row. (Grey beads are beads you've sewn from previous steps. Colored beads are newly added beads.)

4

Follow illustrations to sew through beads. You will be making your tube by folding over your first row of beads and sewing through them via illustration. (White beads are from your first row of sewn beads.) Sew through a few beads to tie off and cut. Make sure to sew beginning 6" end through some beads before cutting off.

5 Open jump ring, slide through an OB, through chain end and close jump ring. Repeat to OB on other end of your tube. (Refer to jewelry image?)
