

Gemstone Cuff Bracelet

Instructions

1

Cut a 10" wire piece. Coil one end of your wire three times at the side of your cuff.

2

Slide on 17 round gemstones and coil the wire to the other end of your cuff bracelet. Cut off excess.

3

Cut a 5" wire piece and coil at the top of your cuff, shown in the image.

4

Step Four: Coil three times around the cuff and between gemstones.

5

Repeat your coils until you've reached the end. Cuff off excess. Make sure to tuck your wire ends to avoid scratching when being worn.
