Instructions

1. Cut leather in half or about 24" each.
2. Slide both strands of leather through large gemstone bead. Center the bead and make an overhand knot with all strands.
3. Separate and fan out the four strands.
4. With the middle two strands, slide on a small gemstone. Next, with the bottom two strands, slide on a metal bead. And with the top two strands, slide on a metal bead.

5. Repeat Step 4 sequence, five more times. End with a small gemstone to the middle two strands.
6. Evenly space out beads and make an overhand knot with all four strands. Make another knot at about 3/4" from previous knot.

7. Cut excess leather ends.
