Instructions

1 Add a stopper bead to a 4-5 feet piece of beading thread.

Sew on 4 seed beads. Loop around the beads twice and situate two beads side-by-side.

Pick up 2 seed beads and loop through the the two you just came through. Repeat according to the illustration to create 2 rows of 9 beads.

2 You will now brick stitch rows.

Pick up 4 beads, loop under the second thread exposed and sew back through all four beads, down through the second section of the first row and up through the third section. Sew up through the forth and third bead you added. This will situate your beads as illustrated.

Pick up two beads and follow illustration to link the the 2-bead sections in this row. Repeat and add 5 more sections to this second row.

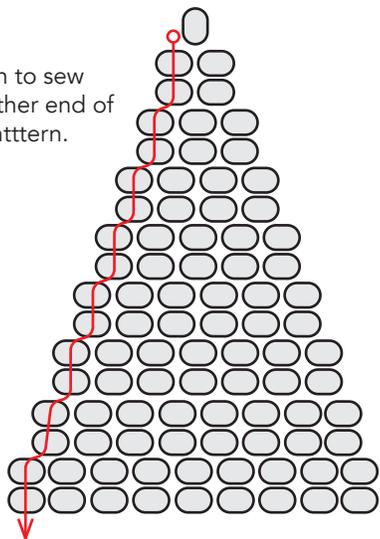

3 Repeat step 2 making the following row sequence:

- 3rd row with SEVEN, 2-bead sections
- 4th row with SIX, 2-bead sections
- 5th row with FIVE, 2-bead sections
- 6th row with FOUR, 2-bead sections
- 7th row with THREE, 2-bead sections
- and 8th row with TWO, 2-bead sections.

4 Pick up a bead and loop through the following beads in the illustration. Make sure to loop around twice.

5

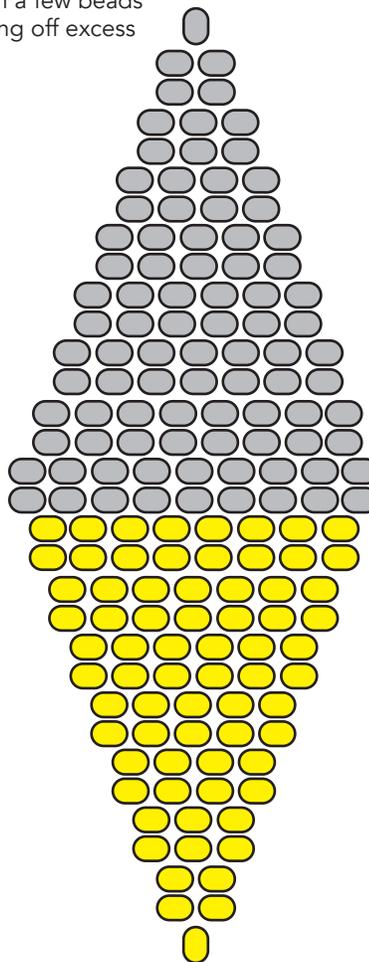

Follow illustration to sew through to the other end of your diamond pattern.

6

Using a different color bead, repeat Steps 2-4 on this other side to complete your diamond pattern.

Sew through a few beads before cutting off excess thread.

7

Open jump ring, slide through top delica bead of pattern and through loop of earwire. Close jump ring.

8

Repeat all steps for other earring, starting with secondary color and finishing Step 6 with primary color. And then attach earwire and jump through secondary color delica bead.
