- SB04030** - Ocean Spray Delica
- SW00664** (2) - 4mm White Swarovski® Pearl
- TCZ0077** - Silver Earring Wire by TierraCast
- A002413** - 4mm Jump Ring
- A006767** - Beading Needles
- A006587** - 6lb Crystal Fireline Thread

### Instructions

1

Cut a 2 feet piece of beading thread, thread on needle and add a stopper bead to your thread end with a 6" tail.

Sew up through the bottom right hole of beadable fan. Pick up a blue bead and 2 cream beads. Sew across the channel and down the hole.

Sew up through the next adjacent hole, pick up a cream and 2 blues, across the channel and down the hole.

Follow the illustration on the left to ladder stitch through the beadable pendant, adding the corresponding color to each channel.

Once, you've sewn across, sew up through the hole, left of the middle and pick up a 4mm pearl bead. Sew across the hole channel and down the hole. Sew back across the pearl bead, up the hole, across the pearl a third time and down the hole.

Tie off ends and sew through a bead or two before cutting off excess.

Repeat steps to make a fan link.

2

Cut a 4 feet piece of beading thread, thread on needle. Sew through the right hole of beadable triangle leaving a 5-6 inch tail. Tie BOTH thread ends together to harness and secure thread on the beadable triangle.

3

Pick up 4 blue beads, through the second hole and up through the last two beads.

Adjust beads gently so they sit side-by-side on the edge of the beadable triangle.

4

Pick up 2 beads, sew through third hole and up through the 2 beads.

Repeat down adding 4 more sets of 2 beads.

5

You will brick stitch to add beads to this next row. Pick up 4 beads, sew under the threads linking the 5th & 6th sets and up through the last two beads.

Brick stitch down, adding 4 more sets of 2 beads.

6

Repeat Steps 5 adding a total of 5 sets of 2 beads.

7

Repeat the brick stitch adding the next 3 rows with 4 sets of beads, 3 sets of beads and 2 sets of beads.

8

Pick up a bead and follow the illustration to loop the beads round the point of your pattern. Sew through a few beads before cutting off excess.

9

Repeat Steps 2-8 to make another beadable triangle diamond.

10

Open jump ring, slide through top hole of a beadable triangle diamond and the bottom middle hole of the beadable fan. Close jump ring.

Open ear wire loop, slide on top loop of beadable fan link and close ear wire.

Repeat to assemble other earring.
